VOL. CXXXVII.—No. 68. ALEXANDRIA, VIRGINIA, MONDAY, MARCH 21, 1921. PRICE TWO CENTS

SILENCE AT SILESIA DURING VOTING

Result of Plebiscite Unknown Due to Allied Censorship

EXPECT 2,500,000 VOTES

Germans Said to Have Protest Ready If Poles Win Election— Berlin Denies Report

Berlin, March 21.—All communication between the plebiscite zone in Upper Silesia and the outside world was cut off last midnight by order of the Allied Plebiscite Commission. No telephone or telegraph dispatches can come out until Monday noon.

Advices sent over the border late last night by German correspondents assert that automobiles carrying foreign newspaper men were fired on and stoned yesterday in villages in the southern part of the province. Representations were made to the Plebiscite Commission regarding lawless conditions and the need of troops there to maintain order, but General Leroud refused to distribute his troops. These were being held in reserve in concentration camps, mobilized for immediate dispatch by auto trucks to seats of unrest.

The German correspondents report that Polish peasants have been using force to prevent the nonresident German voters from finding living accommodations in the province. Several schools in which it had been intended to lodge the non-resident voters have been demolished. Inns have been burned in several places.

The non-residents, organizing for their own defense, decide dto march to the polling places in groups escorted by military guards. The influx of non-resident voters is regarded here as giving Germany an advantage in the voting. In the cities the Germans are believed to control between 70 and 90 per cent of the votes. In the country districts, which are peopled almost entirely by Poles, the German prospects are bad.

Tarnowitz, Upper Silesia, March 21—The plebiscite today throughout Upper Silesia will determine whether the region, rich in coal, iron, zinc and lead, and comprising approximately 5,000 square miles, henceforth shall be under the sovereignty of Germany or Poland. From distant parts of the world Germans and Poles, former residents of Silesia and entitled to cast their ballots, had journeyed in the hope of aiding their respective countries to win the region.

The final results of the balloting were expected to be delayed somewhat owing to the order of the Interallied plebiscite commission suspending telephonic and telegraphic communication with the outside world.

Approximately 2,500,000 Germans and Poles were expected to cast ballots, and the propaganda agencies of both countries have worked to the utmost to secure votes.

According to information in the hands of the Interallied Plebiscite Commission; the Germans already are prepared to protest to the Council of Ambassadors in the event that the plebiscite results unfavorably to Germany, and ask a partition of Silesia, suggesting that Poland be given the eastern section, where a heavy Polish majority is expected.

The resignation of a number of German election judges in districts where the Poles predominate have been received, and no successors to them have been appointed, or if appointed, have refused to serve, the intention being to assert later that without German representation there was no guarantee of fair play.

While a German victory in Tarnowitz has been conceded, the outlying villages in the mining districts are so pro-Polish that the Germans see no use of contesting at the polls, it was said here today, and this influenced them in their decision not to participate as judges.

Paris, March 21.—The German Government, replying today to the recent note of the Council of Ambassadors warning it that Germany would be held responsible for disorders in the Upper Silesian plebiscite area arising from the entry of German troops, declared without foundation reports of German military preparations on the Silesian frontier. The note expresses the hope that the plebiscite will be carried out peacefully.

MAY PERISH BEFORE BEER RULING COMES

There Is Little Promise For Action Owing to Red Tape

GLOOM FOR SICK

Kramer in no Hurry—Many Are Thirsty —Drys Are Exercised Over Palmer Ruling.

Washington March 21.—While the bock beer season rapidly approaches—if, indeed, it is not already here considered by the calendars of the good old days—the prohibition enforcement office delays the promulgation of regulations putting into effect the Palmer ruling that beer might be prescribed for medicinal uses.

No information is obtainable as to when the public may read the new regulations under which a convalescent, in accordance with the Palmer ruling, may be restored to health with the aid of a case or so of better than 2.75 per cent. Treasury Department officials say they do not know exactly when the regulations will be out; that it takes some time to prepare such a document, and so on.

Sick and thirsty patients, pining for their beer, are becoming convinced that the summer may be well on its way before the beer regulations are issued. Commissioner Kramer appears to be in no hurry about promulgation. Attorney-General Palmer decided on March 8 that physicians might prescribe beer in any quantity needed for a particular illness, but it is said that not even a rough draft of the new regulations has been prepared by Commissioner Kramer's office. A reliable report is that Commissioner of Internal Revenue William M. Williams will not attempt to get out the regulations before he leaves office and no successor to Mr. Williams has been selected as yet.

It is recalled that when the Supreme Court decided in the case of Streets vs. the Lincoln Trust and Storage Company that the owner of a private stock of liquors was entitled to withdraw it from a commercial warehouse it required about two months for the prohibition office to issue these simple regulations for withdrawals. If a similar leisurely policy is followed regarding the Palmer beer ruling, with its ramifications, cold weather may be here before a sick person gets a bottle right off the ice.

Meanwhile, the "drys" in and out of Congress are becoming more and more exercised over the Palmer decision. Prohibition leaders in Congress are preparing to try to amend the law so there will be no medical beer. If the law permits the use of beer for medicine, they say, then the law must be changed, for Congress never intended that.

Wayne B. Wheeler, general counsel of the Anti-Saloon League, who drafted much of the Volstead law, said in a statement today that his organization had several plans under way to combat the Palmer beer decision. He roundly scored this decision, saying it was a start toward the breaking down of the Volstead law and a serious setback to enforcement.

As to the decision proper, he said, regulations can be so drawn that even if beer is prescribed as a medicine it will be in limited quantities. On the other hand, the Palmer ruling put no limit on the quantity that might be given in any one illness.

While the Volstead law limits the quantity of whisky that may be prescribed, there is no provision dealing directly with beer. Prohibition leaders in Congress say that if it is necessary to fix that by statute it will be promptly done, and the allowance will be quite small, if, in fact, the law is not so amended as to declare specifically that beer is not and cannot be a medicine.

TO-DAY'S THOUGHT. Books never pall on us. They discourse with us, they take counsel with us, and are united to us by a certain living familiarity. It is easy to give access to these friends, for they are always at my service, and I admit them to my company, or dismiss them whenever I please. They are never troublesome, but immediately answer every question I ask them.
Petrarch

Railroad Problems. The railroad executives of the country are in close and constant consultation over the complex problems of their several jobs. Their job is to make money for their stockholders, after paying their bond holders. That is the main objective, all others subsidiary. A different objective would be the comfort and convenience of the public who travel; safe road beds; swift passage; screened windows in summer; heated cars in winter; sanitary stations; lowest fares. Even if, like the post-office, the out go was a few millions more than the income, still the vast traveling-public would be the gainer.

The railroads of a country are the highways of a country; the wagon and automobile roads merely its by ways. Even in the days before the Magna Charta the thoroughfares were called the King's Highways. All the Latin countries take the law and the name of the road from ancient Rome. They still call a public road the "camino real" or royal road. In the old days the king was the people. But with democracy came railroads; and the cunning giants of finance like Jay Gould threw dust into the eyes of our legislators and gold into their pockets, and divorced the rail-throughfares from the hoof-through fares—so that the people grew to think that they were different in fact as well as name.

During the recent war it was found that the railroads could not function as private corporations and give the best service to the government. Now that peace has come and the railroads are turned over again to private management, the brainy executives are up against it to harmonize the interests of the people and the interests of the stockholders. The wages they pay have advanced more rapidly than freight and passenger fares. It is a difficult problem and will probably require years before we solve it; we, the people, and they, the railroad executives and owners.

One thing we believe, and that is that the Post-office, with its marvelous cheapness and convenience to the millions, would not operate so effectively under private ownership and management. It would have only to pay fixed charges, but a profit to its stockholders as well. And there would be perhaps a hundred post-office corporations besides.

Mayor Peters of Boston. The mayor of Boston, Andrew J. Peters, donned the garb of a tramp and got himself admitted to a tramps' lodging place. He split wood in the morning to pay for bed and breakfast. Doubtless, Mayor Peters now has some ideas of the condition of the very poor that he did not have a month ago. It was a wholesome if not a pleasant experience. In the future the municipal courts of Boston will doubtless deal out a justice more tempered with mercy. Only a perfect Being can dispense perfect justice. We mortals must not attempt retribution without charity. Use every man after his desert, and who should 'scape whipping. Our law-makers should make no law unless viewed somewhat from the angle of the law-breakers. This was sometime a paradox but now the time gives it proof.

CONVICT LABOR CONTRACT HOLDERS ARE BANKRUPT

The Star Clothing Manufacturing Company, of St. Louis, holder of the State contract for convict labor at the penitentiary here, has gone into the hands of the receivers. The contract with the State runs until February 1, 1922, and it is said that the local officials will proceed against the concern for about $40,000 which is said to be due under the terms of the contract.

Receivers for the firm were recently named in the West, and when the Putnam Hooker Company suit against the bankrupt company here, Judge Waddill, of the United States District Court, appointed same receivers. They are: H. M. Stephens, of New York, and Robert G. Morris, of St. Louis. A meeting of the creditors of the firm was recently held in New York and was attended by Colonel Leroy Hodges, of the Governor's office, as Virginia's representative. About 90 per cent of the creditors were represented at the meeting. It is estimated that the assets of the firm will total between $700,000 and $1,000,000, and that they will be sufficient to satisfy all claims.

The Star Manufacturing Company succeeds the Davis Boot and Shoe Company, of Boston, here as contractor for the convict labor. They have factories in the penitentiaries at St. Louis and one in Illinois. It has for many years been a large manufacturer of overall and prison made goods.

THEATER CROWDS WATCH MAN JUMP TO HIS DEATH

New York, March 21.—While the matinee crowds and shoppers along Broadway watched, a man jumped to his death from a fourth floor window of the Hotel Normandie here late yesterday. Although definite identification of the body was not established, the man registered at the hotel as James Edwards, Camden, New Jersey, Police, however, found data among his effects bearing the name of Ralph W. Smith, Lynn, Mass.

Attention of the crowds was attracted when the man stood on the window ledge yelling and indicating he was about to jump.

Slayer Who Protected Wife Freed By Jury

Staunton, Va., March 21.—G. M. Wheeler, charged with second degree murder of Hoge Heizer, when the latter invaded Wheelers' home near Raphine, on the afternoon of December 13, was found "not guilty" by the jury in Circuit Court here this afternoon, after considering the case for fifty minutes.

The trial lasted three days. The principal witness during the trial was Mrs. Wheeler, who related how Heizer came to her house on the afternoon of the shooting, while her husband was away, and under the influence of whisky attacked her.

They scuffled through two lower floor rooms of the Wheeler house and Wheeler arriving unexpectedly a few minutes later, seized a shotgun from behind the dining-room door, rushed at Heizer, who abandoned the woman and fought with Wheeler.

ASSAIL ENTENTE POLICY

Italian Socialist Deputies Call It One Of Provocation, Not Peace

Rome, March 21.—The acts of the London Reparations Conference were severely criticized in the course of the debate in the Chamber of Deputies yesterday which followed the speech by Count Storza, the Foreign Minister who represented Italy at the conference.

Many Deputies declared that the policy of the Entente was not a policy of peace, but of provocation. The Socialist Deputies especially denounced the policy of France, which they declared was aimed at the permanent occupation of Germany. The Socialists further asserted that Italy, being opposed to the domination of Germany, must be equally opposed to that of France in political matters and to that of England in economic and financial questions.

The 50 per cent. levy on German exports was denounced as injurious to Italy, who wanted the German trade in order to escape from the high English and American exchange rates.

10 Pounds Less Meat Eaten Per Capita in U. S. in 1920

Washington, March 21.—The American people ate ten pounds less meat per capita last year, than during 1918, but eleven pounds more than during the first war year, according to figures made public yesterday by the Department of Agriculture. The consumption of meat and lard combined last year was 154.3 pounds per capita.

Less meat was produced, less exported and less consumed in the United States in 1920, than in either of the two preceding years, the announcement said.

INSULT ALLIED OFFICERS

Berlin, March 21.—The Vossiche Zeitung's Hamburg correspondent says yesterday that an Entente commission arrived in the town of Ratzeburg, northeast of Hamburg, to inspect strong detachments of the Reichswehr.

A military band in the barracks played "Deutschland Uber Alles," and disagreeable scenes ensued owing to the offensive shouts of the troops, the correspondent declares.

Cut of 50 Cents Ton in Anthracite Coal; Increases Later

Wilkes-Barre, Pa., March 21.—Prices of anthracite coal in domestic sizes will be reduced 50 cents a ton to the retailer, effective April 1, by three of the largest coal producers in the Pennsylvania region, with headquarters in Wilkesbarre and Scranton, it was announced today. The reduction will be based on the usual summer schedule, which provides for subsequent increases of 10 cents a ton each month, beginning May 1, until the winter price is restored.

It had been announced previously that this reduction would not be made this year, but because of the slump in the coal market, it was said, the usual procedure will be followed.

Chinamen Now Have Queues Amputated to Prevent Typhus

New York, March 21.—Chinamen are losing their queues to save their lives from typhus, says a message from the Orient to the China famine fund. Medical units cruising over the famine area are clipping off the hair of those exposed to the disease or suspected of having picked up germ carrying lice.

Foreign physicians have joined with the native doctors in organizing medical groups to combat typhus and carry on educational work to prevent the disease from spreading. Each group comprises one foreign and two Chinese doctors, six nurses and ten coolies. Hundreds of natives are deloused daily.

PITTSBURG MAN MAKES WONDERFUL STATEMENT

Declares Tanlac Enabled Him to Eat Better, Sleep Better and Work Better—Has Gained Thirty Pounds.

HARRY M. ALLN
Of Pittsburg, Pa.

"I consider Tanlac the grandest medicine in the world, for I have actually gained 30 pounds in weight since I began taking it. It has just simply filled me with new life and energy and for the first time in years I can sit down to the table and enjoy three square meals a day like other people. In fact Tanlac has made me eat better, feel better, sleep better and work better, and I guess that's all a man can expect of a medicine.

"Before I took Tanlac, I was off 30 pounds in weight and was so badly run down I was hardly able to do my work. Nothing seemed to agree with me and my food invariably soured on my stomach. I would always have an uncomfortable bloated up feeling in my stomach, and although I tried many kinds of medicines, I never got relief until I took Tanlac.

"I also suffered considerably at times from Rheumatism, but this has all disappeared. In fact, this wonderful medicine has made a new man out of me in every way. I feel years younger and can do as much work as in any day of my life.

"Of course, I am only too glad to give you my testimonial because I want other people who are suffering as I did to take this medicine and get relief.

The above remarkable statement was made by Harry M. Allen, residing at 1009 Saint Martin Street, Pittsburg, Pa., a well known employee of the Oliver Iron and Steel Company of that city. Mr. Allen is a well known member of the United Presbyterian Church and is highly respected by all who know him.

Tanlac is sold in Alexandria by Edgar Warfield, jr., and good druggists everywhere.

Pastor's Heart Resumes Action After Fourteen Hours' Silence

Geneva, March 21.—A case of a man's heart ceasing to beat for 14 hours and then resuming work is reported from Berne, where a pastor of that city, the Rev. Mr. Baudenbacher, after being officially declared dead, suddenly awoke.

The Rev. Mr. Baudenbacher, who is 50 years old and suffering from heart trouble of long standing, fell senseless Friday. His physician issued a death certificate, arrangements were made for the funeral, and yesterday's newspapers published eulogies of him. The pastor awoke after fourteen hours, surprised to find his bedroom filled with flowers, wreaths, disconsolate relations and friends. He said, weakly: 'My call has not yet come"

The funeral has been postponed indefinitely as the doctor said the Rev. Mr. Baudenbacher might live many years.

IN MEMORIAM

In sad but loving remembrance of our dear sister, MARY GERTRUDE TAYLOR LANHAM, who departed this life one year ago today, March 21, 1920.

Days of sadness come over me,
Secret tears do often flow,
But memory keeps you ever near me
Though you died one year ago.
Although we cannot clasp your hand,
Your face we cannot see,
But this little token shows,
We still remember thee.

By her devoted mother, sister, and brother.

IN THE SPRING YOUR BLOOD NEEDS A TONIC

Winter Weakens Blood, Makes Faces Pale. Take Gude's Pepto-Mangan

The Best Known Blood Tonic

Drowsy Spring-Fever Feeling That Comes From Sluggish Blood Will Soon Leave You

As all growing things on earth shoot into new life in Springtime, so do the billions of cells that make up each part of the body renew their vigor.

As you open the windows, breathe the Spring air, and let in the sunshine, the red corpuscles in your blood should carry more oxygen to the tiny cells.

The red corpuscles are tiny disc-shaped particles, swimming in enormous numbers in the blood. They carry oxygen to cells in all parts of the body, and they carry away worn-out waste matter. Sometimes, especially in the Spring, after the winter indoors and more or less sickness, the red corpuscles themselves need rebuilding. Gude's Pepto-Mangan contains just the ingredients to give them greater power to asborb oxygen and to distribute it throughout the body.

That is why it is such a good Spring tonic. It helps so much to bring back color to cheeks made pale and wan by the necessary indoor winter life. It adds to the number of red corpuscles. With fine Spring days and Gude's Pepto-Mangan you gain in vigor and attain good health.

Don't go around drowsy this Spring. Take that good tonic, Gude's Pepto-Mangan. You can get it in tablet form or in liquid form at your druggist's. Both forms have the same medicinal value. Insist upon genuine Gude's Pepto-Mangan.

The Chamber of Commerce will aid in raising funds and it is expected that some of the skilled workers to be employed also will subscribe.

Million From Lottery Lasted Her 20 Day

Paris, March 21.—Winner in a lottery of a million francs which she got through in twenty days by buying an automobile, renting a mansion, engaging half a dozen domestic and entertaining lavishly, Madame Hofer, a small cafe keeper, yesterday appeared in court attempting to recover some of her squandered riches.

The prize was won in 1903, and though she refused numerous offers of marriage, she loaned money indiscriminately. Without guarantee she loaned 400,000 francs to the manager of a small Paris theatre on condition that he provide her with a stall every night. He became bankrupt. An officer of the gendarmarie to whom she loaned 60,000 francs also became insolvent A doctor who borrowed 12,000 disappeared. Then she loaned 200,000 francs to a restaurant keeper, who shortly afterward paid his creditors 1 franc per cent. This loan was made before a notary, but Madame Hofer, at the end of her fortune, sued the notary, holding him responsible because he had not stipulated a guarantee. The judge, however, held he was not responsible and Madame Hofer will have to pay the costs.

Pair of Red Socks Used to Flag Train Near Washout

Toronto, March 21.—A pair of red socks were used near here today to flag a train which was threatened with being wrecked at a washout. Samuel Lowe, of Holland Landing, discovered the washout, which was 18 feet long and 10 feet deep. The North Bay train was coming and he stopped it by taking off his red socks and using them to flag the express.

TWO DIE, 11 HURT IN AUTO WRECK

Baltimore, March 21.—City and State motorcycle police are investigating an automobile accident in which two persons were killed and eleven injured early yesterday morning, when a heavy touring car, carrying thirteen persons, sideswiped a smaller car and caromed off to the electric car tracks, wrecking it self as it knocked down a trolley pole.

The dead are: Miss Margaret Gustin, 19, and C. R. Reese, 19, both of this city.

The thirteen persons inside the car were caught and held by the wreckage and it was not until the men in the car that had been side swiped came back and gave assistance that they could be liberated.

According to the story told police by Harry T. Cross, driver of the larger car, he was bringing the party from a dance when he saw a single light coming in the opposite direction. He thought it was a motorcycle and that he would have ample room to pass, but when within a few feet of it he saw that it was a touring car.

All of the injured whose wounds consisted mostly of lacerations and scalp wounds were young men and women.

SELF DENIAL DAY

Richmond, Va., March 21.—Governor Westmoreland Davis has set Friday, March 25, as a special day of self denial for the relief of the 3,500,000 starving children of eastern and central Europe. These small victims of the war are being ministered to by the European Relief Council, of which Herbert Hoover, is chairman.

The official proclamation is:

WHEREAS, The conscience of the people of Virginia, in common with all civilization, is shocked by the plight of the 3,500,000 children in Eastern and Central Europe who, through no fault of their own, are facing death from exposure, disease and hunger; and

WHEREAS, The European Relief Council, representing eight great American charitable agencies, seeks a fund of $33,000,000 to the end that these children, without regard to creed or nationality, may be saved from suffering and death; and

WHEREAS, The people of Virginia are asked to provide funds sufficient to clothe, feed and care for 17,500 of these little war sufferers until the next harvest; which, allowing ten dollars per child, makes the total Virginia quota only $175,000, of which amount $30,000 still remains unsubscribed, which means that 3,000 of the children whom Virginia has been asked to care for will perish unless the balance of the State's quota is raised promptly; now

THEREFORE, I, Westmoreland Davis, Governor of Virginia, do hereby request that Friday, March 25, 1921, be observed as a special day of self denial, on which the people of Virginia, out of such sacrifices as they will make, may send contributions to provide food, clothing and medical attention for these destitute children of Europe, addressed to the Virginia State Committee of the European Relief Council, Mutual Building, at Richmond.

CHICAGO WARD FEUD RENEWED

Chicago, March 21.—Sawed off shotguns, belching their deadly loads of slugs, warned the residents of the dark and bloody Nineteenth ward today that the brief truce is over.

Yesterday's affair was directed at Nuzzo, cigar store proprietor. Eight Italians, riding in a big automobile, swept through the little street. Nuzzo was sitting in front of his shop. The machine slowed down and three of them opened fire Nuzzo's agility in leaping to a narrow stairway and fleeing to an upper floor saved his life. He received a shot through the left wrist and a few scratches where the slugs grazed his shoulders.

U. S. WILL PRESS CHARGES AGAINST N. Y. MILLIONAIRE

Tampa, Fla., March 21.—Charges of conspiracy to violate the Volstead act will be pressed against Harry S. Black, New York multi-millionaire, and his two negro employes before the Federal grand jury, Herbert S. Phillips, United States District Attorney for the Southern Florida district, announced here yesterday. Black was arrested last week after Federal prohibition agents had raided his private car and seized 96 cases of liquor. He later was released after the negro porter on the car had testified that the liquor was placed aboard the car without Mr. Black's knowledge.

District Attorney Phillips said yesterday that the grand jury would meet in Miami, the last Monday in April to take up the case.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the more serious are Rheumatism, with torturing pain; Eczema, Tetter, Scrofula and other disfiguring diseases; general debility, which make the strongest men helpless, and many other diseases are the direct result of impure blood.

You can in a large measure avoid liability to disease by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly. It is sold by druggists everywhere.

GREET DOUGHERTY IN TITULAR CHURCH

Rome, March 21.—Cardinal Dennis J. Dougherty, of Philadelphia took possession of his titular church of Sts. Nereus and Achilleus here yesterday afternoon with impressive ceremonies. The church, which was beautifully decorated with red damask having gold fringes, magnificent hanging lamps and flowers, was crowded with diplomatic representatives, prelates and members of the American colony, including the fourteen clergymen who accompanied Mgr. Dougherty from America. A portrait of Cardinal Dougherty and his coat of arms hung opposite the portrait of Pope Benedict.

Father Lais, rector of the Church of the Oratorians, which has jurisdiction over the church of Sts. Nereus and Achilleus, received Cardinal Dougherty, who wore his crimson robes. The new American prince of the church was welcomed by Mgr. Cerretti, papal undersecretary of state, who acted as assistant bishop, having Mgr. M. J. Crane, of Philadelphia, and the Rt. Rev. Mgr. Patrick J. Supplee, of Roxbury, Mass., as assistant prelates, while Bishop Edward P. Allen, of Mobile, Ala., represented the American hierarchy. Bishop Allen on the special request of the pontiff, had delayed his departure from Rome in order to participate in yesterday's ceremony.

Cardinal Dougherty ascended the throne and was greeted with an address of welcome by Father Lais, after which Mgr. Spolverini, apostolic prothonotary, read teh papal bull conferring the church on Cardinal Dougherty. The latter replied in a speech, in which he expressed gratitude to the Pope for assigning him as titular of a church of such ancient history.

PASTOR'S HOME DYNAMITED

Scranton, Pa., March 21.—The home of the Rev. R. S. Nichols, in Old Forge was badly damaged early yesterday by a charge of dynamite exploded under one corner of the structure.

Recently the Rev. Mr. Nichols, who is pastor of a Methodist Church, has played a native part in riddling the village of objectionable resorts, and the dynamiting is believed by the police to have been in revenge. Mrs. Nichols suffered a nervous shock and has been unconscious since the explosion.

SAYS BAD TEETH THREATEN FUTURE OF THIS COUNTRY

London, March 21.—"The future of the United States is gravely threatened by the rapid degeneration of the people's teeth, for the mouth is the gateway of health," was the has played an active part in ridding a dental authority, lecturing before the London College of Physicians.

"Civilization and its vices and indulgences are responsible for the degeneration," he said, "Self control and knowledge are of first importance."

CLARA HAMON JOINS CHURCH

Ardmore, Okla., March 21.—Clara Smith Hamon acquitted here Thursday of having murdered Jake L. Hamon, reputed millionaire and late Republican national committeeman from Oklahoma, last night was baptized in the First Christian Church of Ardmore by Dr. Graytons Brooks, its pastor.

Mrs. G. J. James, of Los Angeles, Cal., sister of Mrs. Hamon, was baptized at the same time.

The baptism followed the Sunday night services and was witnessed by her family, a number of friends and church members. The ceremony was without incident. Mrs. Hamon accepted the baptismal rites, while her family stood by and wept.

Accompanied by her family, Mrs. Hamon attended the morning service, after which she approached the pastor and asked for baptism. After her confession and declarations, Dr. Brooks announced that Mrs. Hamon would be baptized last night.

Mistaken Advice Drops 4 Marines Into River

Trenton, N. J., March 21.—Through being misdirected down a side street, Byron Charlesworth, John E. Lynch, Benjamin O'Connell and Benjamin Ryan, all marines stationed at the League Island Navy Yard plunged with their automobile into the Smithcaken Creek here in the darkness early yesterday morning and only with difficulty saved themselves from drowning. The water is quite deep at the point where they entered.

The machine, which was owned and driven by Charlesworth, was hauled out of the water today. The men, after the accident proceeded on their way to Philadelphia in a taxicab.

24 DEAD IN IRELAND IN BLACK WEEK-END

Dublin, March 21.—A "black week end" has just been experienced by the Crown forces in Ireland, according to official reports. Eight members of the Government forces were killed and eleven wounded in various ambushes, while it is believed that thirteen of their assailants were killed or fatally wounded. The reports do not take into account isolated killings, which are continually reported.

Captain Attkinson, an Ulster barrister who acted as prosecutor in a number of recent Dublin court-martials, was attacke at his home Saturday night by three armed men. He was wounded.

John Sheehan, a former attendant at the Cork Lunatic Asylum, was also dead at Cork last night. He had been convicted of civil intimidation last December concerning a Republican arsenal. On the occasion of the arrest of a civilian witness, this was the second time Sheehan had been attacked. He received several wounds when the first attempt was made.

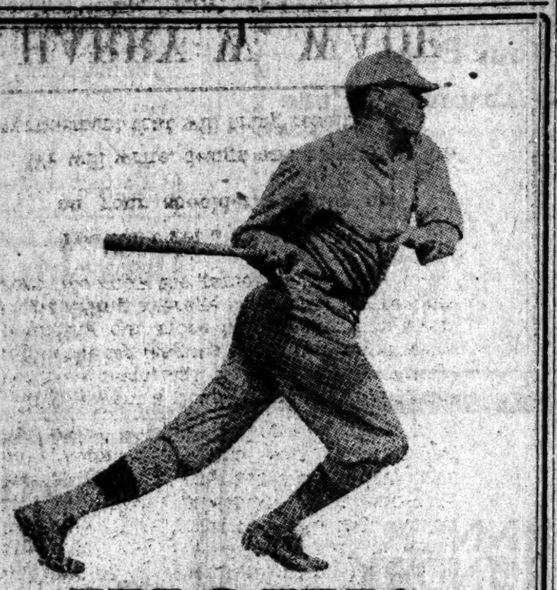
Three bombs were thrown at a military lorry here last night, two of which exploded, killing two soldiers and wounding six others, including an officer. The remaining soldiers fired, wounding three of the attacking party.

From Monday night on the curfew has been fixed from 8 o'clock to night until 5 o'clock in the morning. The advancement of the curfew hour, which was due to yesterday's ambush, affects the whole of the Dublin srear, except the coast townships.

Montreal, March 21.—Legislation checking immigration in Canada will affect a big loss to the Canadian railroads, E. W. Beatty, President of the Canadian Pacific Railway, stated here today, In discussing the deficit of $69,593,441 piled up by the Government owned railroads during the past year, he said any law stemming the tide of immigrants would cause larger deficits in the future.

Asserting that aggressive immigration propaganda had been one of the chief factors in the sucess of the Canian Picific Railway, Mr. Beatty urged a vigorous policy relative to the admission of foreigners into the country as the solution of the railroad problem to place the systems on a paying basis.

"Let us exclude the undesirable immigrant," he stated, "but admit those who, in time, will contribute to this country's commercial prosperity and strength."



WOW!

Another Homer!

Babe Ruth, the King of Swat, is the greatest drawing card baseball ever had. The fans love home runs. They would rather see Babe hit one for the circuit than half a dozen singles. Wherever he goes they pour through the turnstiles and pile up the gate receipts.

What is the tremendous attraction of the home run? Partly novelty of course—but the true reason lies deeper than that. The four-base blow is complete. The man who hits a single may be caught stealing, or forced at second, or left on bases; but there are no uncertainties about the homer. It's a run, and it's in the score to stay.

Printing needs more home runs and fewer singles. The strikeout—the advertisement that goes straight into the wastebasket—has long been unpopular. But too many buyers of printing are satisfied with one-base blows—with ads and booklets that get on first, but need a salesman or an elaborate following up to bring home the order. Let's have some home-runs—some advertising that scores with one wallop.

If you want a clean-up hitter for your advertising team, sign us up. We've been playing in the big leagues for 20 years and we're pounding out more home runs than ever. Our fielding average shows mighty few errors. We know the game, and we play it.

You can't get a hit with the bat on your shoulder. Batter up!

We will write, design and print your advertisement that will bring results.
